

## MEET COLOSSUS

INDUSTRIAL HVLS FAN

The Epic Fan Colossus Industrial HVLS Fan encompasses an epic design with enormous size, performance and savings. Producing a 2-3 mph breeze equivalent to a 4-7 degree reduction in perceived temperature, the Colossus works hard to ensure your facility reaches its full productivity potential.

The Colossus is designed to move extraordinary amounts of air, helping your entire facility run smoothly, while providing substantial energy savings. Not only will you feel the difference of a noticeably cooler space, but you'll also reduce stagnant air, alleviate hot and cold spots and keep food dry and fresh. Colossus is available in diameters from 8 to 24 feet to accommodate your space and a variety of customization options.
