

SUMMIT
DIRECT DRIVE HVLS FAN

The Summit HVLS Fan features an epic design with enormous size, performance and savings. Producing a 2-3 mph breeze equivalent to a 4-7 degree reduction in perceived temperature, the Summit works hard to ensure your facility reaches its full productivity potential.

The Summit HVLS fan is designed to move extraordinary amounts of air, helping your entire facility run smoothly, while providing substantial energy savings. Not only will you feel the difference of a noticeably cooler space, but you'll also reduce stagnant air, alleviate hot and cold spots and keep food dry and fresh. The Summit is available in diameters ranging from 8 feet to 24 feet to accommodate your space and a variety of customization options.
